Information for electrical contractors, architects and consulting engineers

September 2014

Customer Generation

Customers who plan to install generation equipment should be aware of OPPD's policies, procedures, and required applications for solar, wind, and generator backup installations. Before purchasing any equipment, please contact OPPD for approval of the project and the proposed equipment.

Please review the customer generation information on oppd.com for additional information, and look at OPPD's requirements and applications needing approval before starting your project.

Contact your OPPD representative at the appropriate service center for coordination.

Papillion Center 402-552-5330
Elkhorn Center 402-552-5830

Louisville Center 402-552-5521
Syracuse Center 402-552-4030

Account Executives 402-636-3511

For the most current copy of the metering manual, go to www.oppd.com. Click on the Contractor & Developer tab then go to the Reference Library and click on Meter Manual. OPPD Service Center contact information is also available by clicking on Electrical Service Designers.

We value your partnership in providing electrical service to our customer owners. We also welcome your feedback. Email us at Contractor@oppd.com or call Steve Kojdecki 402-552-5835.
