Pandemic Considerations

OPPD is well-positioned financially for the COVID-19 pandemic.

- Cash on hand is sufficient to operate for more than six months
- Requested increase in bank line of credit offers additional financial flexibility
- Total debt is decreasing and is manageable
- AA rating allows lower cost access to credit markets
- The effective rate restructure implemented in 2016 and finalized in 2019 has provided OPPD and its customer owners a significant source of stability, that is valued by the credit rating agencies and investors

OPPD's strong financial position has allowed it to access credit markets during the current market downturn while lower rated entities have had limited access

Recommendation

• The Finance Committee has reviewed and accepted this Monitoring Report for SD-3 and recommends that the Board find OPPD to be sufficiently in compliance with Board Policy SD-3.
