

# High-Voltage Transmission Line Work

## 108th St | West Dodge Rd to Blondo St

### Project Description:

To accommodate the City of Omaha road improvement project located at 108th Street between Burt Street to Mill Valley Road, more details [here](#). OPPD and its contractor, Watts Electric Company, will be removing a high-voltage transmission line located adjacent to 108th Street and relocating it to an existing transmission line where the two will coexist. This work includes installing three new structures, installation on one mile of existing transmission line, and one mile of transmission line removal.

### Project Start Date:

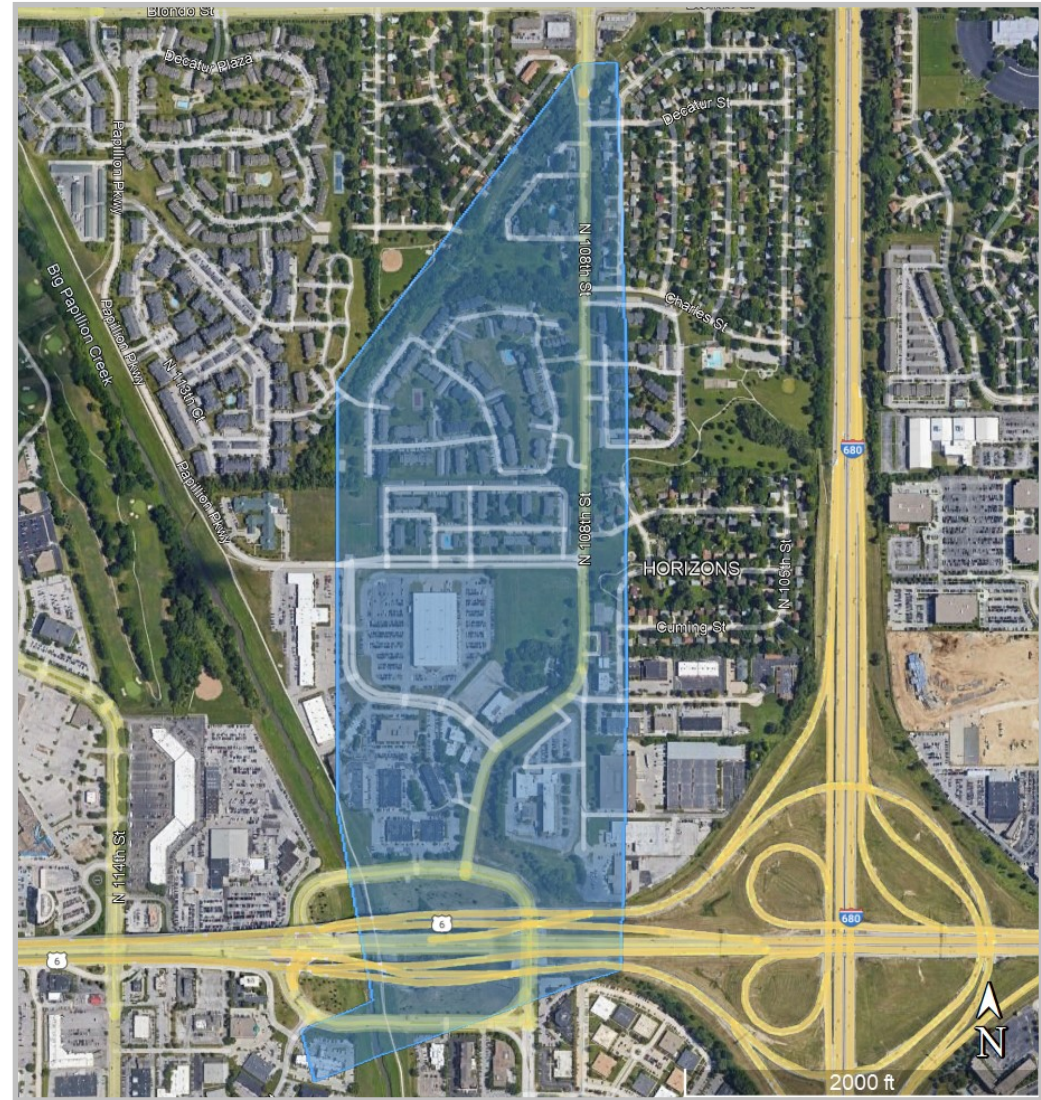

**April 2022**

Project work may last up to 2 months, barring weather or other unavoidable delays.

### Major Project Impact:

Road Closure - This required the closing of the West Dodge Expressway between the hours of 10 p.m. and 5 a.m. on May 17th and 18th. An additional night may be necessary in late May or early June.

OPPD is working with the Nebraska Department of Transportation on this road closure in order to safely complete our work.

Contractor logo for reference, crews and vehicles may be marked.
