GOVERNANCE PRE-COMMITTEE MEETING
WEBEX VIDEOCONFERENCE
May 12, 2022 7:00 – 9:00 A.M.

1. Corporate Officer Performance Reviews (Fernandez – 30 min)
   a. Objective: Present, review and align on Corporate Officer performance reviews.

2. Power with Purpose: Reliability (Underwood – 60 min)
   a. Objective: Discuss PwP and reliability.

3. Claim Settlement in Excess of $50,000 (Focht – 5 min)
   a. Objective: Create awareness of claim settlement and answer questions.

4. Board Work Plan (Focht – 2 min)
   a. Objective: Committee members to review and confirm items on the Board Work Plan.

5. Summary of Committee Direction (2 min)
   a. Objective: Executive Leadership Team liaison(s) to summarize direction provided by the committee.
Reporting Item

BOARD OF DIRECTORS
May 17, 2022

ITEM
Claim Settlement Report

PURPOSE
Report settlement of a claim in excess of $50,000

FACTS
a. On or about March 11, 2019, Alex Cooper Vasquez sustained significant injuries resulting from an electrical shock and fall from a lift while working at a construction site located at approximately 48th and Dodge Street, Omaha, Nebraska. Mr. Cooper Vasquez retained legal counsel and litigation was initiated naming multiple defendants. OPPD was named as a defendant.

b. Nebraska State Statute §84-713 requires a report to the Board of Directors for the settlement of any claim in excess of $50,000.

c. On February 15, 2022, all parties to the litigation participated in a mediation wherein final settlement was reached and a final release was executed. OPPD’s portion of the settlement equated to the statutory cap of liability allowed for a Political Subdivision of the State of Nebraska. OPPD’s payment equated to approximately 10% of the total settlement paid to Mr. Cooper Vasquez.

RECOMMENDED:
Scott M. Focht
Vice President – Corporate Strategy and Governance

APPROVED FOR REPORTING TO BOARD:
L. Javier Fernandez
President and Chief Executive Officer
Pre-Committee Agenda

FINANCE PRE-COMMITTEE MEETING
VIDEOCONFERENCE
May 6, 2022  8:00 – 9:30 AM

1. Safety Briefing (Bishop – 3 min)
   a. Promote awareness of current safety focus

2. First Quarter 2022 Financial Report (Bishop – 15 min)
   a. Objective: Briefly present and answer questions on the report of OPPD’s financial results for the quarter ended March 31, 2022.

3. First Quarter 2022 Retirement Plan Report (Bishop – 5 min)
   a. Objective: Answer questions on the report of OPPD’s retirement fund results for the quarter ended March 31, 2022.

4. Discussion on Retirement Plan Cost of Living Adjustments (COLA) (Bishop – 20 min)
   a. Objective: Discuss results of the COLA study.

5. SD-3: Access to Credit Markets Monitoring Report (Bishop – 5 min)
   a. Objective: Review SD-3 monitoring report and recommend action for Board; consider the need for prospective revisions to SD-3.

6. Rate Design Review Plan (Bishop – 5 min)
   a. Objective: Staff to present update of on rate design review plan.

7. SD-2: Rates Policy Revision (Yoder – 15 min)
   a. Objective: Review consensus document and next steps

8. Board Work Plan – Finance Committee Items (5 min)
   a. Objective: Committee members to review and confirm items on the Board Work Plan.

9. Summary of Committee Direction (2 min)
   a. Objective: Executive leadership team liaison(s) to gain alignment and summarize direction provided by the Committee
BOARD OF DIRECTORS

First Quarter 2022 Financial Report

PURPOSE

Report the quarterly financial results to the Board of Directors

FACTS

a. The first quarter 2022 financial results are attached for review.

b. Retail Revenue for the first quarter 2022 was $241.1 million, which was $0.6 million under budget. Off-system Revenue was $46.3 million, which was $8.5 million over budget. Other Income was ($8.1) million, which was $25.5 million under budget.

c. Operations and Maintenance Expense (less Fuel and Purchased Power) for the first quarter 2022 was $97.6 million, which was $2.7 million under budget. Fuel and Purchased Power Expense was $105.5 million, which was $11.5 million over budget. Other Expense was $104.0 million, which was $0.5 million over budget.

d. Operating Income for the first quarter 2022 was $10.0 million, which was $1.7 million under budget.

e. Net Income for the first quarter 2022 was ($27.9) million, which was $27.0 million under budget. Without the negative fair value adjustments for OPPD's investments, net income for the first quarter 2022 was $1.2 million, which was $2.1 million over budget.

RECOMMENDED: APPROVED FOR REPORTING TO BOARD:

Jeff M. Bishop L. Javier Fernandez
Vice President and Chief Financial Officer President and Chief Executive Officer

Attachments: Quarterly Financial Report (Graphs)
Q1 2022 Results ($ Millions)

### Retail Revenue
- YTD ACTUALS 2022 - $241.1
- YTD BUDGET 2022 - $241.7

### O&M Expense
(less Fuel & Purchased Power)
- YTD ACTUALS 2022 - $97.6
- YTD BUDGET 2022 - $100.3

### Off-System Revenue
- YTD ACTUALS 2022 - $46.3
- YTD BUDGET 2022 - $37.8

### Fuel & Purchased Power
- YTD ACTUALS 2022 - $105.5
- YTD BUDGET 2022 - $94.0

### Other Income
- YTD ACTUALS 2022 - $(8.1)
- YTD BUDGET 2022 - $17.4

### Other Expense
- YTD ACTUALS 2022 - $104.0
- YTD BUDGET 2022 - $103.5

Unaudited results.
### Q1 2022 Results ($ Millions)

#### Operating Income
- YTD ACTUALS 2022 - $10.0
- YTD BUDGET 2022 - $11.7

#### Net Income
- YTD ACTUALS 2022 - $(27.9)
- YTD BUDGET 2022 - $0.9

#### Cash Balance
- YTD ACTUALS 2022 - $556.5
- YTD BUDGET 2022 - $509.2

#### Capital Spend
- YTD ACTUALS 2022 - $108.6
- YTD BUDGET 2022 - $174.6

### SD Impact:
- **SD-2 Rates** - The 2021 preliminary average retail rate was 8.9% below the regional retail average rates, based on preliminary EIA data.

- **SD-3 Access to Credit Markets** - The 12-month rolling debt service coverage ratio is 2.36 times through March 2022, and is forecasted at 2.0 times at year end. The District's days of cash on hand is 219 days as of March 31, 2022.

### HIGHLIGHTS:
- **Retail revenues** were under budget year-to-date (YTD) by $0.6 million. Off-system sales were over budget YTD by $8.5 million, or 22.6%, primarily due to higher than expected pricing in the marketplace.

- **Fuel and purchased power expenses** were over budget YTD by $11.5 million, primarily due to higher prices in the marketplace. Other O&M expenses were under budget YTD by $2.7 million, primarily due to lower production expenses from fewer than expected unplanned outages.

- **Capital expenditures** were under budget YTD by 37.8%, or $66.0 million, due to delayed spending primarily on Power with Purpose projects. The Company expects spending to increase during the remainder of the year.

ITEM

Retirement Plan – First Quarter 2022

PURPOSE

To Report the Retirement Plan Fund’s First Quarter 2022 Performance Results

FACTS

a. The Retirement Plan Fund market value at the end of the first quarter was $1.21 billion. This compares to the market value at the beginning of the quarter of $1.29 billion. During the quarter, employee contributions were $3.96 million and OPPD contributions totaled $14.15 million. Benefit payments totaled $27.85 million and the investment market value (net of expenses) decreased by $74.27 million.

b. As of March 31, 2022, the Retirement Fund asset allocation was 55.1% Equity, 37.3% Fixed Income and 7.6% Alternative Assets, which is within the Investment Policy Guidelines approved by the Board.

c. The Retirement Plan Fund sector performance (net of fees) was:

d. Heightened inflation, tighter monetary policy and the Russian invasion of Ukraine weighed on global equity returns. The Domestic Equity Composite returned -6.5% where growth underperformed value and small cap stocks underperformed large cap stocks. The International Equity Composite returned -9.7% with geopolitical concerns dominating market behavior.

The Domestic Fixed Income Composite returned -4.7% with the Fed Funds rate increase in March and indications of future rate increases in 2022. The Global Fixed Income Composite returned -7.5% as interest rates increased significantly in the U.S., Canada, and the U.K., but remain relatively low in Europe and Japan.

The Real Estate Composite was the only sector with positive returns for the quarter of 4.6%. Tenant demand was positive across all property types, particularly industrial and residential.

SD-3: Access to Credit Markets Monitoring Report

PURPOSE

To ensure full Board review, discussion and acceptance of SD-3: Access to Credit Markets Monitoring Report

FACTS

a. The Board confirmed the Corporate Governance Initiative Charter in December 2014, in order to assess and refine OPPD’s corporate governance infrastructure.

b. The first set of Board policies was approved by the Board on July 16, 2015. A second set of Board policies was approved by the Board on October 15, 2015.

c. Each policy was evaluated and assigned to the appropriate Board Committee for oversight of the monitoring process.

d. The Finance Committee is responsible for evaluating Board Policy SD-3: Access to Credit Markets on an annual basis.

e. The Finance Committee has reviewed the SD-3: Access to Credit Markets Monitoring Report and is recommending that OPPD be found to be sufficiently in compliance with the policy as stated.

ACTION

The Finance Committee recommends Board approval of the 2022 SD-3: Access to Credit Markets Monitoring Report.

RECOMMENDED: 

APPROVED FOR BOARD CONSIDERATION:

Jeffrey M. Bishop
Vice President and Chief Financial Officer

L. Javier Fernandez
President and Chief Executive Officer

JMB: jap

Attachments: Exhibit A – Monitoring Report Resolution
SD-3: Access to Credit Markets Monitoring Report

Jeff Bishop
Vice President and Chief Financial Officer
May 17, 2022
In order to achieve a low cost and flexible cost structure, OPPD shall maintain financial ratios and targets to ensure efficient and cost effective access to the credit markets.

Therefore:

- For OPPD’s annual budgets the Board establishes a minimum total debt service coverage* ratio of 2.0 times.
- When making resource decisions, OPPD shall take into consideration long-term revenue requirements, debt to capitalization ratio, minimum risk adjusted liquidity* levels, competitive position, financial risk and financial flexibility.
- OPPD’s goal is to maintain an AA credit rating with the credit rating agencies consistent with the above expectations.

*TERMS AND DEFINITIONS

Total Debt Service Coverage: Revenues less expenses divided by total annual senior and subordinate lien debt interest and principal payments.

Liquidity: Total cash (operating and supplemental cash accounts) and unrestricted lines of credit available to meet ongoing daily cash requirements.
Total Debt Service Coverage

For OPPD’s annual budgets, the Board established a minimum total debt service coverage ratio of 2.0 times.
Resource Decisions are made through the Corporate Operating Plan (COP)

When making resource decisions, OPPD shall take into consideration long-term revenue requirements, debt to capitalization ratio, minimum risk adjusted liquidity levels, competitive position, financial risk and financial flexibility.

• Board of Director’s Strategic Directives
  – Competitive position in establishing rates (SD-2)
• Long-term revenue requirements
  – Operational requirements (SD-4)
  – Enterprise and financial risks (SD-15)
• Flexibility of plan to adjust with operational execution

* As measured by Debt Service Coverage, Liquidity and Debt to Capitalization Ratio
Debt Ratio*

* Share of debt to total capitalization (debt plus net position)
Days Liquidity

Year End

* Line of credit increased by $75 million

** Line of credit increased to $200 million in May 2021, of which $75 million is tied to Commercial Paper and $125 million is available for liquidity. Also 2021 Days Cash number is normalized to eliminate Polar Vortex changes.

*** Projected as of April 2022, assumes Commercial Paper reduction of $75 million which increases available credit line to $200 million.

Recommendation

• The Finance Committee has reviewed and accepted this Monitoring Report for SD-3 and recommends that the Board find OPPD to be sufficiently in compliance with Board Policy SD-3.
Any additional reflections on what has been accomplished ... or challenges or gaps
WHEREAS, the Board of the Directors has determined it is in the best interest of the District, its employees, and its customer-owners to establish written policies that describe and document OPPD’s corporate governance principles and procedures; and

WHEREAS, each policy was evaluated and assigned to the appropriate Board Committee for oversight of the monitoring process; and

WHEREAS, the Board’s Finance Committee (the “Committee”) is responsible for evaluating Board Policy SD-3: Access to Credit Markets on an annual basis. The Committee has reviewed the SD-3: Access to Credit Markets Monitoring Report and finds OPPD to be sufficiently in compliance with the policy as stated.

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors of Omaha Public Power District accepts the SD-3: Access to Credit Markets Monitoring Report, in the form as set forth on Exhibit A attached hereto and made a part hereof, and finds OPPD to be sufficiently in compliance with the policy as stated.

SYSTEM MANAGEMENT & NUCLEAR OVERSIGHT
PRE-COMMITTEE MEETING
WEBEX VIDEOCONFERENCE
May 4, 2022, 4:00 – 5:00 P.M.

1. Nebraska City Station Unit 2 (NC2) Economizer Upper Bank Replacement – Materials Contract Award (Via – 7 min)
   a) Objective: Discuss equipment procurement process.

2. 69kV Power Cable – Engineer’s Certification (Via – 7 min)
   a) Objective: Discuss equipment procurement process.

3. Committee Direction for SD-9: Resource Planning and SD-4: Reliability Policy Revisions (Underwood – 5 min)
   a) Objective: Discuss tentative timelines for SD-9 and SD-4 updates.

4. Independent Decarbonization Oversight Committee (IDOC) Update (Underwood – 5 min)
   a) Objective: Discuss and review next steps for IDOC Executive Summary.

5. Summary of Committee Direction (Via – 2 min)
   a) Objective: Executive leadership team liaison(s) to summarize direction provided by the committee.
BOARD OF DIRECTORS

May 17, 2022

ITEM

Nebraska City Station Unit 2 Economizer Upper Bank Tube Assembly Materials

PURPOSE

Supply material for the replacement of the economizer upper bank tube assemblies for the Nebraska City Station Unit 2 boiler.

FACTS

a. The upper bank of the economizer tubing of the Nebraska City Station Unit 2 boiler has been evaluated and will be replaced to maintain unit reliability.

b. The District requested bids for the design, supply and fabrication of the replacement tubing materials. Six bids were received; four bids were determined to be legally non-responsive.

c. The economizer tube assemblies are long lead delivery items. A contract for installation of these tube assemblies will be awarded separately. The installation will occur in the spring of 2023 during a scheduled unit outage.

d. The proposal from Boiler Tube Company of America was evaluated as the lowest and best bid.

ACTION

Authorization by the Board of Directors to award a contract to Boiler Tube Company of America for the base bid amount of $1,346,000.00 for the material and fabrication of tubing assemblies, including vibration baffle plates, tube shields and tubing hardware, for the replacement of the upper bank of the Nebraska City Station Unit 2 boiler economizer.

RECOMMENDED:

Troy R. Via
Vice President – Utility Operations
and Chief Operating Officer

MEMORANDUM

DATE: May 6, 2022  
FROM: S.A. Eidem  
TO: T. R. Via  
SUBJECT: Nebraska City Unit 2 Economizer Upper Bank Tube Assembly Materials

1.00 GENERAL

Request for Proposal (RFP) No. 5960 is for the material design and procurement contract to replace economizer upper bank tubing assemblies of the Nebraska City Unit 2 (NC2) boiler. This contract covers the design and supply of materials only and does not include installation. An installation contract will be awarded later in 2022. There is a scheduled unit outage to install this material in the spring of 2023.

The NC2 economizer is original equipment supplied and has been in service since commercial operation starting in 2009. The economizer upper bank tubing assemblies were evaluated and require replacement to maintain unit reliability.

Six proposals were submitted per the sealed bid process and opened in response to the RFP on April 13, 2022. GE Steam Power, Inc. and IHI, Inc. provided bid alternates, and are tabulated as follows:

<table>
<thead>
<tr>
<th>Bidders</th>
<th>Base Bid Price</th>
<th>Total Price</th>
<th>Notes</th>
</tr>
</thead>
<tbody>
<tr>
<td>IHI, Inc.</td>
<td>$1,254,000</td>
<td>$1,324,300</td>
<td>Mexico fabrication using materials from Mexico</td>
</tr>
<tr>
<td>Boiler Tube Company of America</td>
<td>$1,346,000</td>
<td>$1,396,850</td>
<td>South Carolina (USA) fabrication using materials from China</td>
</tr>
<tr>
<td>Chanute Manufacturing</td>
<td>$1,480,470</td>
<td>$1,480,470</td>
<td>Kansas (USA) fabrication using materials from China</td>

</tr>
<tr>
<td>GE Steam Power, Inc. – Alternate 1</td>
<td>$2,288,900</td>
<td>$2,288,900</td>
<td>Mexico fabrication using materials from China</td>
</tr>
</tbody>
</table>

The economizer assembly structural attachment material was evaluated after bid opening and determined to be a lesser grade material and not optimal based on the average gas temperature entering the upper economizer bank. A structural attachment material substitution, designed for higher operating temperatures, was requested and the Boiler Tube Company of America fabrication bid would be increased to $1,396,850 for this minor material change.

The Engineer's Estimate at the time of bid opening was $2,000,000.
2.00  COMPLIANCE WITH CONTRACT TERMS AND CONDITIONS

The proposals were reviewed by the District’s legal counsel for review. The proposals from GE Steam Power, Inc. and IHI, Inc. were determined to be legally non-responsive and not evaluated further.

3.00  COMPLIANCE WITH TECHNICAL REQUIREMENTS

The proposals were reviewed and determined to be technically responsive. The Boiler Tube Company of America will require a post-award change order to improve the included assembly structural attachment materials as noted above.

4.00  RECOMMENDATION

Based on compliance with legal and technical requirements of the specification, it is recommended that Request for Proposal No. 5960 be awarded to Boiler Tube Company of America for $1,346,000.

Omaha Public Power District
444 South 16th Street
Omaha, NE 68102

RE: Request for Proposal No. 5960 -- Nebraska City Station Unit 2 Economizer Upper Bank Replacement ("RFP No. 5960")

Ladies and Gentlemen:

We have reviewed the four (4) proposals received in response to RFP No. 5960 and provide the following opinion.

The proposal of IHI Inc. incorporates exceptions to the Terms and Conditions included in RFP No. 5960 which would materially increase the commercial and legal risks to be accepted by the District. As a result, we believe this bidder's proposal is legally non-responsive and should not receive further consideration from the District.

The proposal of GE Steam Power, Inc. states that its proposal is subject to cost and schedule adjustment at the time of award. Such exception is not allowed under applicable sealed bidding statutes. As a result, we believe this bidder's proposal is legally non-responsive and should not receive further consideration from the District.

The proposal of Chanute Manufacturing Company includes commercial and technical exceptions that should be evaluated by the District.

The proposal of Boiler Tube Company of America includes commercial and technical exceptions that should be evaluated by the District.

Subject to the foregoing comments and the District's technical and economic evaluation, two (2) of the four (4) proposals received in response to RFP No. 5960 may be considered by the District's Board of Directors for the award of this contract. The bond of the successful bidder must be approved by the Board of Directors.

Very truly yours,

Troy F. Meyerson
FOR THE FIRM
WHEREAS, sealed bids were requested and advertised, as required by law, for the following:

REQUEST FOR PROPOSAL (RFP) NO. 5960
NEBRASKA CITY STATION UNIT 2 ECONOMIZER UPPER BANK MATERIALS

WHEREAS, bids were received and opened at the time and place mentioned in the published notices and the Director – Supply Chain Management supervised the tabulations, which have been submitted to this Board; and

WHEREAS, the Board of Directors has carefully considered the bids submitted, as well as the recommendations of the District’s Management and General Counsel.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Omaha Public Power District that the proposal of Boiler Tube Company of America in the amount of $1,346,000.00 for the material design and supply of economizer upper bank tubing assemblies for the Nebraska City Station Unit 2 boiler pursuant to Request for Proposal No. 5960 is hereby accepted, and the form of payment and performance bond of such bidder is approved.
BOARD OF DIRECTORS

May 17, 2022

ITEM
Procurement of Material and Installation Services for Underground 69kV Transmission Cable

PURPOSE
Authorize Management to negotiate and enter into a contract, or contracts, for the procurement of 69kV underground cable and cable installation services to accommodate the relocation of a transmission line to support commercial development.

FACTS
1. The relocation of an overhead 69kV transmission line to an underground manhole duct system is needed to accommodate space constraints in a congested urban commercial redevelopment.

2. All costs associated with the 69kV transmission modifications will be fully reimbursed by the customer who is driving the commercial development.

3. The 69kV underground cable is part of a technically complex system and requires direct communication between OPPD and the manufacturer during the bidding process to optimize detailed design parameters.

4. Installation of underground transmission cable requires specialty contractors with input and oversight from the manufacturer.

5. Due to the ongoing supply chain issues, power cable manufacturers have been reluctant to commit to delivery schedules and proposal pricing long enough to satisfy the requirements of Nebraska Revised Statutes Sections 70-637 through 70-639, as amended, making it impractical and not in the public interest to proceed with the statutory sealed bid process.

ACTION
Approval of the Engineer’s Certification and authorization for Management to negotiate and enter into a contract, or contracts, for material and installation services for procurement of 69kV underground cable to support a commercial development.

Attachments: Letter of Recommendation, Engineer’s Certification, Legal Opinion, Resolution
Date: May 6, 2022

From: D. D. Buelt

To: T. R. Via

Subject: Procurement of Material and Installation Services for Underground 69kV Transmission Cable

1.00 GENERAL

It is requested that the District negotiate and enter into a contract to procure 69kV underground cable to support the relocation of a transmission line. This relocation is to support University of Nebraska Medical Center’s (UNMC) Saddle Creek Campus Expansion project.

Due to the congested, urban redevelopment, UNMC specifically requested for OPPD to relocate the transmission line to an underground manhole duct transmission line. While OPPD does have underground in our system, it is rare and we do not typically stock the material required for this type of work.

Recent experiences with multiple manufacturers have shown that lead times are getting longer and commodity prices are constantly fluctuating to the point that manufacturers will only hold proposal pricing and delivery schedules for less than a month, necessitating procurement contracts be signed on an expedited basis. In addition, the complex nature of transmission cable requires that the cable manufacturer be involved with the final details of engineering optimization as well as have direct oversight of the contractor responsible for the installation of the cable.

Due to the technically complex nature of these systems, the need for additional manufacturer involvement with the installation of the cable, and the supply chain issues being experienced, it will be in the interest of the District and the public to allow for a negotiated contract process.

2.00 RECOMMENDATION

An Engineer’s Certification documenting the above points has been prepared. We recommend and request the Board of Directors approve the Engineer’s Certification authorizing Management to negotiate and award competitively bid contracts for underground 69kV cable and installation services for this customer reimbursed project.

Dannie D. Buelt, P.E.
Director Engineering
Utility Operations
ENGINEER’S CERTIFICATION

As part of the development of University of Nebraska Medical Center’s (UNMC) Saddle Creek Campus, OPPD has been requested to relocate a 69kV Overhead Transmission Line. Due to the congested, urban redevelopment, UNMC specifically requested for OPPD to relocate the transmission line to an underground, manhole duct transmission line. While OPPD does have underground transmission in our system, it is rare and we do not typically stock the material required for this type of work.

Recent OPPD experiences with multiple different manufacturers have shown that lead times are getting longer and commodity prices are constantly fluctuating to the point that manufacturers will only hold pricing and delivery schedules for less than a month, necessitating procurement contracts be signed on an expedited basis. In addition, the complex nature of transmission cable requires that the cable manufacturer be involved with the final details of engineering optimization as well as have oversight of the contractor responsible for the installation of the cable.

The undersigned professional engineer employed by OPPD certifies that compliance with the sealed bidding requirements of Nebraska statutes, specifically Nebraska Revised Statutes 70-637 to 639, is impractical and not in the public interest for the transmission cable for the following reasons:

- Underground transmission facilities are technically complex and the procurement of cable requires more direct communication to optimize detailed design parameters prior to issuing a contract for the cable.
- Construction of underground transmission requires specialty contractors, with input and oversight of the cable manufacturer.
- Negotiated contract processes would provide additional mechanisms to expedite material and installation schedules, and provide additional risk mitigation in securing contract pricing and delivery schedules.

Pursuant to Section 70-637 of the Nebraska Revised Statutes, as amended, the District's Board of Directors is requested to approve this Engineer’s Certification and authorize Management to negotiate and enter into a contract or contracts with a qualified supplier or suppliers for the procurement of material and installation services for underground 69kV cable for the District without compliance with the sealed bidding requirements of Sections 70-637 to 70-639 of the Nebraska Revised Statutes.

I, Daniel R. Erdman (registered Professional Civil Engineer in the State of Nebraska), certify the above to be true and correct to the best of my knowledge and belief.

Daniel R. Erdman, P.E. 05/09/2022
Date
Omaha Public Power District
444 South 16th Street
Omaha, NE 68102

RE: Engineer's Certification; Procurement of Material and Labor for Installation of 69kV Underground Transmission Line

Ladies and Gentlemen:

We have reviewed the Engineer's Certification of Daniel R. Erdman, P.E., a professional engineer employed by the District. Mr. Erdman explains that the District has been approached to relocate a 69kV overhead transmission line in connection with a project at the University of Nebraska Medical Center ("UNMC") Saddle Creek Campus. Due to the congested urban area around the UNMC campus, UNMC has requested that the transmission line be relocated in an underground duct line. Mr. Erdman further explains that the District presently is experiencing longer lead times from cable contractors, and a hesitancy to hold prices and lead times during the normal sealed bidding process. Mr. Erdman certifies that it would be impractical and not in the public's interest to utilize the statutory sealed bid process in light of these conditions and the technically complex nature of the underground transmission line project, which includes the use of specialty contractors under negotiated contract terms that will secure contract pricing and delivery.

Section 70-637 of the Nebraska Revised Statutes authorizes the District's Board of Directors, by a two-thirds vote, to approve an Engineer's Certification when it is impractical or not in the public's interest to utilize sealed bidding, and to authorize the District to enter into a contract or contracts to complete the proposed project. The District is required to advertise its intention to enter into any such contract in three (3) newspapers of general circulation within the District's service area, with not less than seven (7) days between issues. The contract or contracts cannot be entered into sooner than twenty (20) days after the last advertisement.

It is our opinion that Mr. Erdman's Engineer's Certification complies with Section 70-637 of the Nebraska Revised Statutes and is in a form that is appropriate for approval by the District's Board of Directors. Therefore, the Board of Directors may approve the Engineer's Certification and authorize Management to negotiate and enter into the necessary contract or contracts for the procurement of material and labor for the UNMC transmission line relocation project without utilizing the sealed bid process.

Very truly yours,

Stephen M. Bruckner
FOR THE FIRM
RESOLUTION NO. 65xx

WHEREAS, the University of Nebraska Medical Center (UNMC) has requested the District to relocate an overhead transmission line to an underground manhole duct transmission line in order to support UNMC’s Saddle Creek Campus Expansion project; and

WHEREAS, the 69kV underground cable is part of a technically complex system and requires direct communication between the District and the manufacturer during the bidding process to optimize detailed design parameters; and

WHEREAS, installation of the underground transmission cable will require specialty contractors with input and oversight from the transmission cable manufacturer; and

WHEREAS, due to ongoing supply chain challenges, transmission cable manufacturers are reluctant to hold pricing and delivery schedules long enough to complete the sealed bid process under Nebraska Revised Statues Sections 70-637 through 70-639, as amended; and

WHEREAS, the District’s Engineer has certified that a competitive Request for Proposals (RFP) process followed by negotiations with qualified bidders will allow the District the opportunity to increase the number of viable bids and achieve the most advantageous combination of commercial terms and technical requirements to procure the 69kV underground transmission cable; and

WHEREAS, for these reasons, the District’s Engineer has certified that the use of sealed bidding would be impractical and not in the public interest; and

WHEREAS, pursuant to Nebraska Revised Statute Section 70-637 (as amended), and upon approval of the Engineer’s Certification by the Board of Directors, the District may negotiate and enter into a contract or contracts related to the procurement and installation of such 69kV underground transmission cable without sealed bidding.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Omaha Public Power District that:

1. The Engineer’s Certification requesting that the Board waive the sealed bid requirements, in accordance with Nebraska Revised Statutes Sections 70-637 through 70-639, is hereby approved.

2. Management is hereby authorized and directed to negotiate and enter into the necessary contract or contracts to procure and install 69kV underground transmission cable for UNMC’s Saddle Creek Expansion project, subject to review and approval of the final contract(s) by the District’s General Counsel.

3. The notice required by Nebraska Revised Statutes Section 70-637 shall be published in the Omaha World Herald, or other similar newspaper of general circulation.

ITEM

Nuclear Oversight Committee Report

PURPOSE

The Nuclear Oversight Committee provides a regular oversight of items related to the Fort Calhoun Station (FCS) nuclear plant.

FACTS

In addition to safe and secure dry cask storage of fuel, the required Preventative Maintenance tasks and Surveillance Tests, the following major decommissioning activities were conducted:

- The reactor vessel internals segmentation effort continues to advance. Shipping of the segmented pieces is delayed due to a mechanical issue with equipment used to support shipping. Despite the delay, the project remains on track to complete segmentation by the end of the year.

- Representatives from the vendors providing equipment and support for the reactor vessel segmentation project were on-site to perform walk downs of the work area and engage with site personnel in planning activities. Key equipment is targeted for arrival in late 2022 and early 2023, with the primary on-site physical activities beginning in early 2023.

- The removal and recycling process of items within the Turbine building is on-track for completion within the next month. The effort will then shift to demolition of the structure shell, followed by demolition of the reinforced concrete turbine pedestal.

Local Update
Local Update

• Continuing introductions of Javier to various public officials across the service territory through June.
• Continuing to add public officials to Everbridge automated calls at their request
• Recently visited villages, cities and counties to:
  – thank public officials and staff for their service
  – provide the new Power with Purpose handout
  – check in with villages/cities on the Arbor RR Line
  – provide the Stay Connected flier that lists our web properties
Federal Legislative Update
Federal Update

• Senate Budget reconciliation package.
  – House passed the Build Back Better bill (reconciliation package) on November 19th, but failed in the Senate and has been put off to address other priorities.
  – Bipartisan Senate meetings have taken place in the last two weeks; however, no indications that formal negotiations have taken place or that a new version of BBB will be presented prior to the Memorial Day deadline.
  – Related to this are the energy tax provisions. The wind PTC has expired and may be address later this year if a revised “BBB” package is revived.

• OPPD tracking potential funding opportunities available to public power utilities from the Infrastructure Investment and Jobs Act.
  – Funds have begun to be allocated to existing grant programs; however, new program funding remains to be allocated.

• 11,805 bills introduced in the 117th Congress as of May 6th.

SOURCE Congress.gov, Politico, Whitehouse.gov
Economic prosperity is foundational to cultivating vibrant and thriving communities we serve. OPPD’s strategic leadership and active participation in regional economic development initiatives will create a favorable environment to attract new business and help existing business customers to expand.

Therefore, OPPD shall exercise leadership and participate in economic development to:

- Attract, retain and expand businesses
- Serve as a trusted partner to local leaders on local, regional and statewide initiatives and activities in economic development, including workforce and community needs
- Offer and promote innovative tools, resources, programs or rates to educate our business customer owners and support economic growth, sustainability, cost savings or vitality
- Assist with site development to plan or best optimize our energy system by carrying out site due diligence and marketing efforts for businesses and industrial customer-owners
Economic prosperity is foundational to cultivating vibrant and thriving communities we serve. OPPD’s strategic leadership and active participation in regional economic development initiatives will create a favorable environment to attract new business and help existing business customers to expand.

Promoting economic growth and vitality through the production of affordable, reliable, and environmentally sensitive energy is key to the success of OPPD. Therefore, OPPD shall exercise strategic leadership and actively participate in regional economic development.

Specifically, OPPD shall exercise leadership and participate in economic development to:

- Exercise leadership and participate in economic development to cultivate the growth.

  - Attract, retain and expand business to generate revenue for in the District through the attraction of new business and the retention and expansion of existing businesses, and by fostering economic growth in our communities.
  
  - Align and maintain leadership with regards to economic development activities with local, regional, and statewide initiatives.

- Serve as a trusted partner to local leaders by providing leadership on local, regional and statewide initiatives and activities in economic development, including workforce and community needs.

- Promote innovation while maintaining rate affordability, aligned with SD-2, by offering economic programs or rates.

- Offer, educate, and promote innovative tools, resources, programs or rates to educate our business customer owners and that support economic growth, sustainability, cost savings or vitality.

- Assist with site development to plan or best optimize our energy system by carrying out site due diligence and marketing efforts for large businesses and industrial customer-owners.

- Give periodic updates to the Board on economic development projects.
OPPD BOARD OF DIRECTORS
REGULAR BOARD MEETING
Thursday, May 19, 2022 at 5:00 P.M.

Conducted in person at the Omaha Douglas Civic Center, 1819 Farnam Street, 2nd Floor Legislative Chamber, Omaha, NE 68183

Public may attend in person at the Omaha Douglas Civic Center or remotely by going to www.oppd.com/BoardAgenda to access the Webex meeting link and view materials.

Preliminary Items

1. Chair Opening Statement
2. Safety Briefing
3. Guidelines for Participation
4. Roll Call
5. Announcement regarding public notice of meeting

Board Consent Action Items

6. Approval of the March 2022 Comprehensive Financial and Operating Reports, April 2022 Meeting Minutes and the May 19, 2022 Agenda
7. SD-3: Access to Credit Markets Monitoring Report – Resolution No. 6504
8. RFP 5960 – Nebraska City Station Unit 2 (NC2) Economizer Upper Bank Replacement – Materials Contract Award – Resolution No. 6505
9. 69kV Power Cable – Engineer's Certification – Resolution No. 6506

Board Discussion Action Items

10. [to be determined]

Other Items

12. President’s Report (20 mins)
13. Opportunity for comment on other items of District business
14. Adjournment

Please use the link below to find all committee and board agendas, materials and schedules. Board governance policies and contact information for the board and senior management team also can be found at www.oppd.com/BoardMeetings.

ITEM

Power with Purpose Solar Report

PURPOSE

Provide updates on the Power with Purpose solar project for May 2022.

SOLAR FACTS

1. Evaluating impacts of anti-circumvention investigation launched by the United States Department of Commerce from March 2022.

2. Conducting outreach across the OPPD service territory to provide education and advocacy on solar technology and solar project development.

RECOMMENDED:  

Brad Underwood  
Vice President – Systems Transformation

APPROVED FOR REPORTING TO BOARD:

L. Javier Fernandez  
President and Chief Executive Officer
Power with Purpose Solar Update
May Committee Meeting – Open Session

May 17, 2022
Update on the Anti-circumvention Investigation

- US Department of Commerce is investigating whether Southeast Asian solar manufacturers are using parts made in China to circumvent tariffs.

- Investigation focused on four countries (Cambodia, Malaysia, Thailand, Vietnam), representing over 80% of imported supply of panels in the US.

- One primary concern of the investigation for the near-term is uncertainty, with potential impacts to pricing, project financing, and project schedules.

---

DIVE BRIEF:

Commerce Department kicks off 1-year solar tariff investigation on panels imported from Southeast Asia

Published March 28, 2022

---

Solar Power World

It took less than one week for solar panel deliveries to the United States to be canceled or delayed

This after the Commerce Dept. decided to investigate alleged tariff circumvention

By Kelly Finley | April 6, 2022

---

SEIA cuts PV forecast 46% due to anti-circumvention investigation

The latest update to the Solar Energy Industries Association’s (SEIA) survey for solar workers and companies shows drastic outcomes for the industry if tariffs are imposed on countries under investigation.

APRIL 28, 2022 | TIM SYLVIA
Impacts of Anti-circumvention and Solar Supply Chain Disruptions

• Significant slowdown in the solar market until further clarity is provided on the investigation (at least through August 2022)

• Many previously contracted projects have been delayed, put on hold, or are being renegotiated to address risk

• Contractors and developers are unable to provide firm pricing offers for projects until there is more certainty

• Sourcing of new solar projects will be challenged while the investigation is underway

• U.S. utilities are challenged to stay on track and meet commitments for plant retirements and/or near-term capacity expansions with increasing delays to solar projects
  – On May 4th, NiSource Inc. said it would delay the shutdown of an Indiana coal plant by two years

Mounting Pressure for Quicker Action

• Current anticipated investigation timeline:
  – May 16 – Auxin files final legal briefs providing Department of Commerce all materials needed
  – May 17 – August 29 – Department of Commerce to make a preliminary determination

• Bipartisan group of senators is calling on President Biden to conclude the investigation as quickly as possible

• Energy Secretary Granholm expressed concerns in achieving the Biden administration’s goal of 100% clean electricity by 2035 if not resolved quickly

• Governors, both Democrat and Republican, have sent letters to urge a quick conclusion of the investigation

• Industry groups (American Clean Power, Solar Energy Industries Association, EEI, ACORE) held a joint Capitol Hill Briefing on May 12th
Solar Community Outreach – Ongoing

- OPPD continues advocacy and education to communities across the service territory
  - Javier continues to introduce himself around the service territory and provide education on Power with Purpose

- OPPD continues to partner with local jurisdictions to encourage favorable solar zoning regulations

- Further development of outreach materials
  - A Pitchbook will provide materials for counties and other local government officials to better understand solar

- These ongoing, coordinated efforts ensure OPPD is the best source of information
